# Manitoba Watershed Districts Program

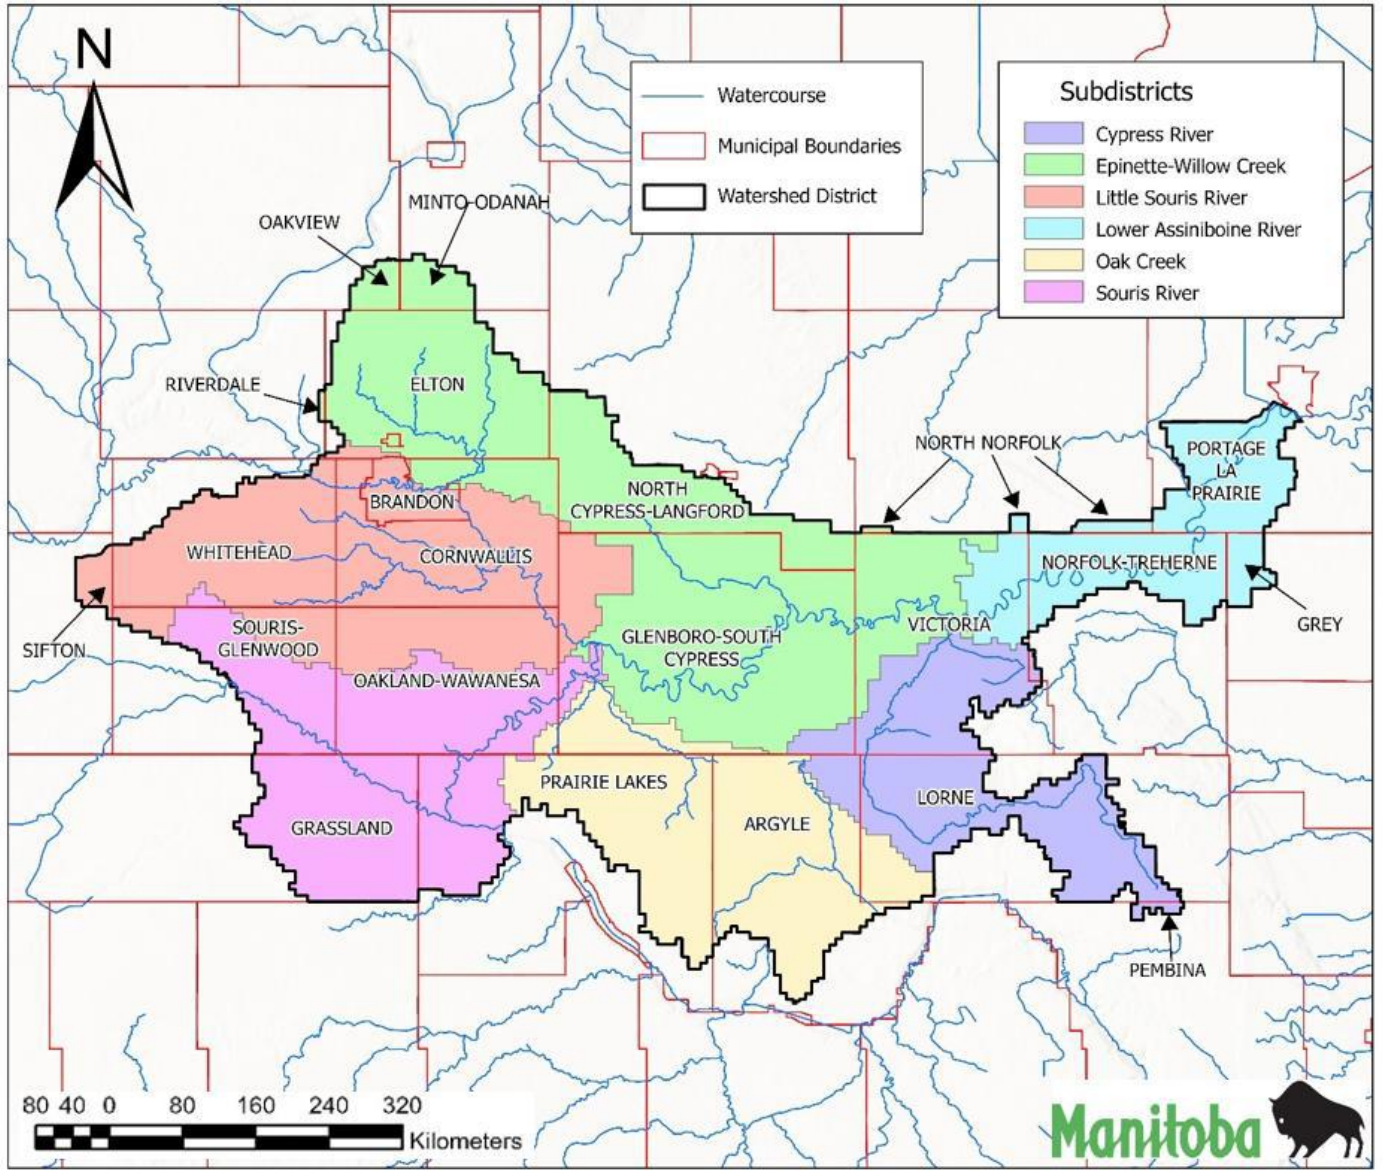

- Voluntary provincial-municipal partnership
- Enhances healthy and sustainable watersheds through land and water stewardship programs and partnerships.
- Funding from the Province and included municipalities
- Locally appointed watershed district boards

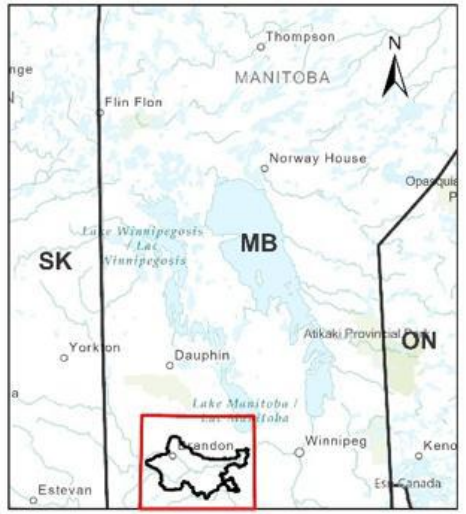

- City of Brandon reps:
- City Councillor TBD
- Ted Snure
- Lindsay Hargreaves

# Benefits and Opportunities

- Provides a framework to allow local people to collaborate, set priorities, and respond to local issues and needs
- Establishes the framework to develop watershed management education and extension programming that operates locally.
- Provides an opportunity to develop an integrated watershed management plan, to address locally identified issues and provincial priorities.
- Increases opportunities and success rate  of acquiring external funding
- Establishes a watershed-based organization with the potential to combine a diversity of resources, local and technical knowledge, and experience

| Rural Municipality of Prairie Lakes |
| Rural Municipality of Sifton |
| Rural Municipality of Victoria |
| Rural Municipality of Whitehead |

# The Request

CAWD requires the support of all existing municipalities in the district. The request is to have municipalities pass a resolution for approving the expansion to allow the Municipality of North Norfolk in the district.

There is no negative impact to the City with this proposal. This is part of the formal process under the Watershed Districts Act.

# Questions?
