RECOMMENDATION(S):

That By-law No. 7445 to close and convey the portion of 11th Street East lying south of McTavish Avenue East between Block 10 & 11 Plan 10 BLTO, be read a first time.

BACKGROUND:

Request

The property owners of 918 McTavish Avenue East and 1108 McTavish Avenue East are requesting to close and purchase the 11th Street East right-of-way lying south of McTavish Avenue East for an opportunity to further expand their respective industrial developments. The proposed road closure would split the right-of-way equally and consolidate with each neighbouring property (Attachment A).

Development Context

The right-of-way is currently unpaved and only serves 918 and 1108 McTavish Ave E. The area is surrounded by industrial uses with softball diamonds to the south. Access will continue on McTavish Ave E and Van Horne Ave E.

ANALYSIS:

The applicants are proposing that the City allow for the closure of 11th Street East to allow increased space for future development on their industrial lots. The road mainly functions for the two properties and doesn't operate like a public street. The proposed Industrial Restricted (IR) Zone for the site will be consistent with the land use designations in the Brandon & Area Planning District Development Plan.

LEGISLATIVE REQUIREMENTS:

Pursuant to subsection 290(2) of The Municipal Act, the City will give public notice and hold a public hearing under Section 420 with respect to the proposed closure.

STRATEGIC ALIGNMENT:

The closure will allow for industrial lands to expand for future development. This aligns with Council's Strategic Priority to foster an environment that supports economic growth and development.

FINANCIAL IMPACT:

The closure would add land to the City's property tax base and the applicant is responsible for all associated costs with the closure. The City will also receive funds from the Offer to Purchase.

RISK ASSESSMENT:

The City closing the road will relieve its obligation for any maintenance. To protect the City's interests, the City will enter into a drainage easement and will require an access agreement between the parties.

COMMUNICATION STRATEGY:

Public engagement is required at the public hearing.

CONCLUSION:

That By-law No. 7445 to close and convey the portion of 11th Street East lying south of McTavish Avenue East between Block 10 & 11 Plan 10 BLTO, be read a first time.
